
Data Analyst portfolio

Portfolio.

By. **Muhamad Dida Alfariz**

Introduction.

Hi! I'm **Muhamad Dida Alfariz**
a student of Informatics Engineering, Sultan Ageng Tirtayasa University, who has a great interest in data analysis and data-driven decision making. I am looking for an opportunity to develop my skills and experience through an internship program as a Data Analyst.

During my studies, I have built a strong foundation in data processing, and data visualization. I have experience using tools such as Pentaho, Python, SQL, and Microsoft Excel, as well as visualization platforms such as Tableau and Power BI. In addition, I have worked on academic projects involving data exploration, report creation.

Thank you for taking the time to explore my portfolio. I am very open to further discussions on how I can contribute and grow in your company's internship program.

Interest

I am interested in data analysis because I enjoy doing it and it is not a burden on myself.
